# SEPTEMBER - - - AND - - - O C T O B E R

are the popular and proper months for planting Perennials in the fall. Stock planted during these two months, makes larger, finer blooms next year than those planted in the spring.

Now is the time to look over the Hardy Borders and see where new plants or changes are needed and new color schemes arranged.

In renovating old Borders or Hardy Gardens, lift and divide the old clumps, wherever possible; dig the beds to a depth of 18", add a good supply of well-rotted cow manure or bonemeal—and replant the stock. When this method is followed once every three or four years, splendid results are obtained; they repay the grower many times over for his time and trouble.

The plants suggested and offered below for this work, are all fine field-grown clumps—guaranteed to bloom, and give satisfaction, next year.

We are always glad to assist with cultural directions and suggestions for color schemes. Write us your requirements.

# DELPHINIUMS

## HYBRIDS

These are the seedlings from some of the finest of the named European varieties and give a wonderful range of color shading from pale blue to royal purple, through the most marvelous shades of azure, gentian blue and sapphire. The spikes attain a height of from 5 to 6 feet, with several to each clump.

## BELLADONNA

Sky-blue, beautiful sprays; large flowers with white centers, one of the best known. Medium height, 2 to 3 feet.

## CHINENSE

Blue: Clear bright Chinese blue; a splendid carrying color in the garden. Very vigorous grower. 20 to 24 inches high.

Alba: Pure white form of the above. This variety when used in conjunction with the blue mentioned above is very effective. 20 to 24 inches.

## BLUE BUTTERFLY

Very dwarf form of the Blue Chinense, growing about 12 inches high; the lowest growing form of Delphiniums; blooms continuously throughout the summer.

All the above varieties \$.50 each, \$5.00 per dozen, \$35.00 per hundred.

## LILIUM CANDIDUM

Ascension or Madonna Lily, glistening white, very fragrant, 5 to 8 splendid flowers borne on stiff stems, 3 to 4 feet high. Grouped with Hybrid Delphiniums these make a charming combination in the Perennial borders in June. Finest bulbs from north of France.

50 cents each, \$5.00 per dozen.

## PHLOX DIVARICATA LAPHAMII

That lovely light blue Phlox that blooms at the same time as Darwin Tulips. An added joy to any spring garden.

Price: 30c each, \$3 dozen, \$20 hundred.

# PHLOX

One of the most satisfactory plants, without which no old-fashioned garden is complete, is Hardy Phlox. This blooms during July and August, and adds a great range of color—white, shades of pink, violet, purple and scarlet.

30c each, \$3.00 dozen, \$20.00 hundred, except otherwise noted.

**BRIDESMAID**—A white, with large crimson center; a very well known variety.

**CHAMPS ELYSEE**—Violet-purple; with large spikes. 2½ feet.

**CREPUSCLE**—Shading from a deep rosy center, through rose-lilac to a white edge. 2½ feet.

**ENCHANTRESS**—The Improved Elizabeth Campbell; light salmon pink. 50c each, \$5.00 dozen, \$35.00 hundred.

**EUROPA**—White with a bright pink eye; individual flowers and trusses, very large; strong grower with rigid stems.

**ETNA**—Brilliant - colored variety, large spreading truss of orange-scarlet.

**FRAULEIN VON LASSBURG**—Pure white truss, flowering between Buchner and Jenkins; very free.

**GEN. VON HEUTZ**—Brilliant salmon-scarlet with large white center. A very popular variety for many years.

**LOUISE ABBEMA**—Very large dwarf, pure white, fine form. 18 inches.

**MISS LINGARD**—This is known as the early flowering Phlox since it comes into flower in May and continues to flower continuously until October, or the very heavy frosts injure it. Height about 2 feet. Color, pure white.

**MRS. JENKINS**—The most popular white variety so far introduced; splendid for planting en masse; blooms early and profusely.

**RHEINLANDER**—Beautiful salmon - pink with claret red eye. Individual trusses of immense size.

**RIJNSTROOM**—An improved form of the popular variety Pantheon; fine for massing; of a Paul Neyron rose color. 2½ feet.

# TALL BEARDED IRIS

Between Tulip time and Rose time the mainstay of the garden for masses of color is found in the modern form of the Bearded Iris. The all-pervading loveliness of a garden well planted with the choicer forms of the older and the newer introductions is breath-taking. In no flowers are returns surer or more satisfying.

Price 25c plant; \$2.50 dozen, except where noted.

**BLUE JAY**—Bright blue. 50c plant, \$5.00 dozen.

**CAPRICE**—Shades of claret.
